This work takes a look at the cases that have had a significant influence on the game of baseball, such as *Flood v. Kuhn* and *Garvey v. MLB*, which either made it to the U.S. Supreme Court or brought up major legal issues in baseball. Also included are cases that explore legal issues in baseball but are not as well known and cases that appear in most sports law books. For each case, the historical and legal significance of the decision is discussed.

The late Patrick K. Thornton was a professor in the sports management department at Rice University in Houston, Texas.
